

Technical data / data sheet

VTT Top Plus

HIGHLIGHTS

- Abrasion resistant
- Sterilisable

Material

100 % cellulose fleece, oxygen bleached, silicone-free ca. 80g/m ²
--

Properties

extremely absorbent, robust, low lint, soft reusable, textile-like, sterilisable abrasion resistant in dry and wet condition
--

Area of application

food production, medical and cosmetic sectors, pharmaceutical production, optics, electronics, automotive sector, engine construction, machining industry, plastics processing, hospital and care sector

Waste disposal

The cloth in its origin behaves neutrally in landfills and is fully decomposable. It burns without residue and is characterised by a high calorific value.

Delivery form

carton, roll

Colour

white

Article number

ST10, carton, size 40 x 38 cm, 500 wipes
ST11, carton, format 32 x 38 cm, 700 wipes
SR10, roll, format 38 x 38 cm, 500 tear-offs
SR11, roll, format 30 x 38 cm, 700 tear-offs
